

CLEMENT YAW AMEGASHIE

Data Analyst · Excel · SQL · Python · Data Validation

amegashiecllementyaw@gmail.com | +233 55 757 1906 | Teshie, Accra, Ghana | Ghanaian National

PROFESSIONAL SUMMARY

Results-driven Data Analyst and emerging technology professional with demonstrated experience in data validation, quality assurance, statistical analysis, and international education advocacy. Certified Data Analyst (DataCamp, June 2026), proficient in Excel, SQL, and Python for cleaning, analysing, and visualising complex datasets. Skilled at designing validation protocols, resolving data discrepancies, and presenting clear, actionable insights to management and cross-functional teams. Currently pursuing a BSc in Information Technology at the University of Professional Studies, Accra. A passionate STEM advocate, global education ambassador, and community leader with a proven track record of adaptability, continuous learning, and applying analytical thinking to real-world problems.

PROFESSIONAL EXPERIENCE

Brand Ambassador & Student Advisor

2024 – Present

Remote | International Education & Admissions Consultancy

- ▶ Serve as a global education ambassador, guiding prospective students through international university admissions processes, visa requirements, and scholarship opportunities across multiple countries.
- ▶ Lead webinars, live Q&A sessions, and information presentations for student audiences, demonstrating strong public speaking and cross-cultural communication skills.
- ▶ Create and distribute engaging educational content — including posts, guides, and captions — that educates, inspires, and empowers students exploring study-abroad pathways.
- ▶ Provide one-on-one mentoring and advising to applicants, offering empathetic, solutions-focused support for unique admissions and visa challenges.
- ▶ Build and nurture an active online community of prospective students, fostering peer connection, inclusion, and access to global higher education opportunities.
- ▶ Manage multiple concurrent student cases and ambassador duties while balancing academic commitments, demonstrating strong time management and multitasking ability.
- ▶ Advocate for inclusive access to international education and develop expertise in global university admission requirements, scholarship landscapes, and student support frameworks.

Data Validator / Junior Data Analyst

Oct 2022 – May 2025

Trade Fair, Accra, Ghana

- ▶ Designed and executed comprehensive data validation protocols, ensuring accuracy, consistency, and integrity across large-scale business datasets.
- ▶ Identified and resolved data discrepancies by collaborating with cross-functional teams, significantly improving overall data reliability and organisational trust.
- ▶ Conducted statistical analyses to uncover trends, outliers, and anomalies, delivering detailed management reports with clear, actionable insights.
- ▶ Leveraged Excel and SQL to query, clean, transform, and organise data, supporting evidence-based decision-making across multiple departments.
- ▶ Developed standardised reporting templates that reduced reporting time and enhanced consistency of data communication across the organisation.

Factory Hand — Extrusion Department

Oct 2025 – Jan 2026

Spintex, Accra, Ghana

- ▶ Applied rigorous attention to detail and process adherence in a high-throughput manufacturing environment — skills directly transferable to data quality control and operations analytics.
- ▶ Monitored production output metrics and flagged process deviations, demonstrating analytical awareness and a data-driven mindset in an operational setting.

EDUCATION

BSc Information Technology

Aug 2025 – Present

Bachelor of Science in Information Technology (In Progress) — Accra, Ghana

WASSCE — General Arts

Feb 2023 – Sep 2025

Key Subjects: Elective Mathematics · Elective ICT · Core Mathematics · Economics · Geography · English Language · Integrated Science · Social Studies

Basic Education Certificate (BECE)

Oct 2017 – Sep 2022

CERTIFICATIONS

- ▶ Data Analyst — DataCamp, Certified June 12, 2026 (Credential ID: DA0022642238714)

TECHNICAL SKILLS

- ▶ Excel (Advanced) — Pivot Tables, VLOOKUP, Dashboards
- ▶ SQL — Querying, Filtering, Joins, Data Transformation
- ▶ Python — Pandas, NumPy, Data Wrangling & Cleaning
- ▶ Data Validation — Protocol Design & QA Processes
- ▶ Statistical Analysis — Descriptive Stats & Reporting
- ▶ HTML — Basic Web Markup & Structure
- ▶ Microsoft Office Suite — Word, Excel, PowerPoint
- ▶ Data Visualisation — Charts, Dashboards, Trend Reporting

KEY COMPETENCIES

- ▶ Cross-Cultural Communication & Public Speaking
- ▶ Content Creation & Educational Storytelling
- ▶ Student Mentoring & International Admissions Advising
- ▶ Relationship Building & Stakeholder Reporting
- ▶ Community Building & Online Engagement
- ▶ Global Education Advocacy
- ▶ Creative Problem-Solving & Resilience
- ▶ Time Management & Multitasking
- ▶ Data Integrity, QA & Validation
- ▶ Analytical Thinking & Evidence-Based Decision Making

LEADERSHIP, CERTIFICATIONS & EXTRACURRICULARS

First Lego League (FLL) Robotics Championship

2023/24

- ▶ Represented school at a national STEM championship, applying data-driven engineering and analytical problem-solving in a competitive robotics environment.

Vice President — Debate Club

2023 – 2025
